# YOUR PARTNER FOR A SUCCESSFUL DIGITAL TRANSFORMATION

TSPLUS

# YOUR PARTNER FOR A SUCCESSFUL DIGITAL TRANSFORMATION

CHALLENGE

## How to quickly, securely and cost-effectively build remote work environments, given the following obstacles?

PC support and maintenance costs are higher than ever

Budgets allocated to IT (hardware and software) are being cut

Web App development is costly, long and complex to deploy

The use of the Internet increases insecurities and cyberthreats

TSPLUS

# OUR SOLUTION

At TSplus, we integrate the most advanced technologies to enable organizations to deliver Windows applications and resources anywhere throughout the World:

- Remote Desktop & Application Delivery
- Server Security & Ransomware Protection
- Server Administration & Session Monitoring
- Screen Sharing & Remote Technical Support

- Easy To Use
- Secure
- Cost-effective
- Scalable

TSPLUS
